Easily removes buildup and clogs to ensure your system operates at peak performance.

WORKS ON ALL MAKES AND MODELS OF VACUUM SYSTEMS - FROM VACUTECH OR OTHER MANUFACTURERS.

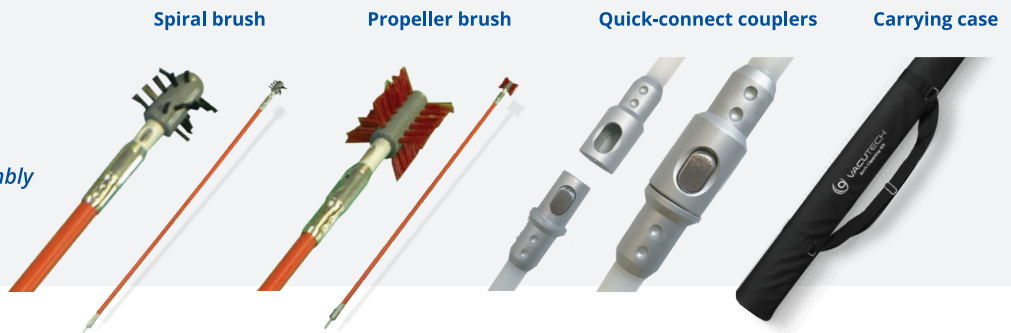

Kit includes:

Uniquely designed cleaning brushes
- Quick and efficient cleaning and clog removal

Flexible cleaning rods
- Forms to arch profile for easy cleaning

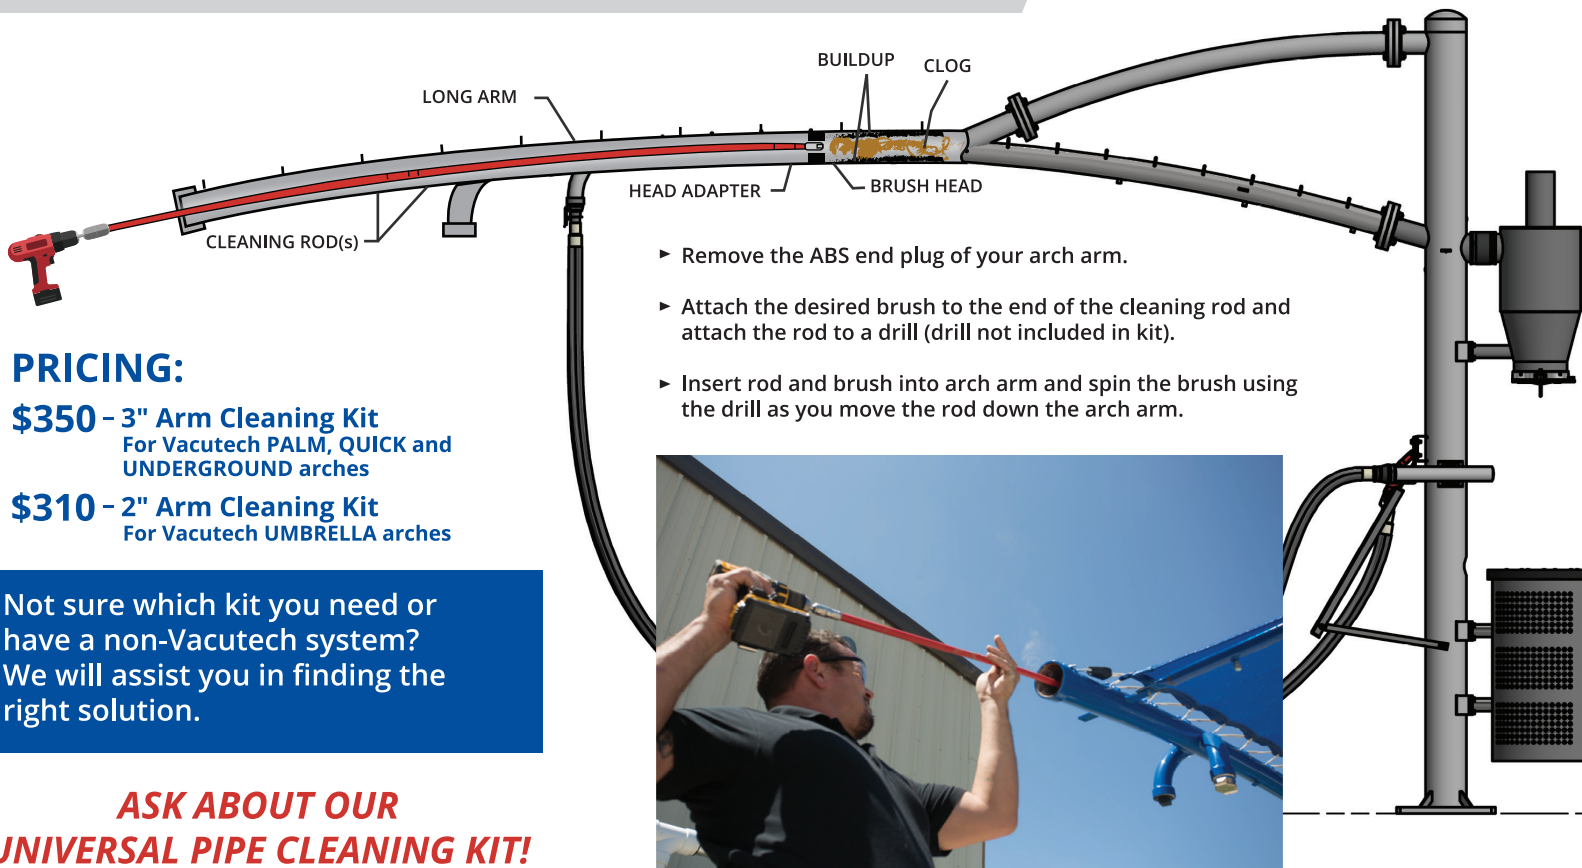

Quick-connect couplers
- Rapid extension and breakdown of cleaning assembly

Carrying case
- Convenient storage of kit components

TO ORDER YOUR KIT CALL (303) 327-7871

SIMPLE TO USE

- ▶ Remove the ABS end plug of your arch arm.
- ▶ Attach the desired brush to the end of the cleaning rod and attach the rod to a drill (drill not included in kit).
- ▶ Insert rod and brush into arch arm and spin the brush using the drill as you move the rod down the arch arm.

PRICING:
