## LUSTRA® OPTIMIZE

### TAKE YOUR EXTRA SERVICES TO THE NEXT LEVEL

Lustra® Optimize is a revolutionary Lo pH setting product that has neutralizing properties and becomes your first step in the finishing process. Optimize sets the stage for a clean surface that helps enable additional shine and gloss to your finishing products. You will notice cars coming out shinier, drier, and softer to the touch, like you have never experienced before!

**Neutralizing properties help prepare the vehicle surface, allowing premium products to have better adherence**

Unique foam show quickly dissipates for easy rinsing.

Infused specialty wax polymers aid in the drying process and help to build the glossiest finish possible.

**ULTRAFLEX OPTIMIZE®**

UF410 | 4x1 gal

**LUSTRA OPTIMIZE®**

2200-CF | 2x2.5 gal

Designed to be applied just before your finishing products, Lustra® Optimize is best applied as the first application of your finishing process with dual V-Jet nozzle Boomerang Foamers for optimal coverage.

Your finishing products just got optimized! Apply Optimize before your current revenue- generating applications from NCS for the ultimate customer experience and satisfaction.

## THE NEXT GENERATION OF PROTECTION

The next generation of protection has arrived! Lustra® Graphene features nanoplatelets and a matrix of hydrophobic polymers, providing extreme durability. The long-lasting protection provided with Lustra® Graphene also delivers enhanced gloss, slickness, and color depth to vehicle surfaces.

- ◊ Adaptive protection technology helps prevent against chips and cracks
- ◊ Anti-static formula repels dust
- ◊ Enhances water-beading, slickness, and shine
- ◊ Pleasing "Pure Steel" fragrance

### LUSTRA® ULTRAFLEX® GRAPHENE

UF463 | 4x1 gal

Designed to be applied just before the drying agent, Lustra® Graphene is best applied with dual V-Jet nozzle Boomerang Foamers for optimal coverage.

The best just got better! Apply Lustra® Graphene with other revenue-generating applications from NCS to build your menu for Shine, Protect and Seal for the ultimate customer experience and satisfaction!
