EVERY DETAIL COVERED.

Powerful vacuum systems are an important consideration when planning your site. A well-planned, expertly engineered vacuum system will provide the performance, convenience and speed that builds repeat business. Vacutech has earned the reputation as the leader in central vacuum systems for car washes. We are proud to manufacture our products in the USA as we apply more than 100 years of combined experience to design, engineer and build custom central vacuum systems.

TSS site marketing, arches, displays and signage can promote a superior car wash experience with customers. TSS marketing programs are easy to customize and designed for maximum effectiveness. With a full line of site-specific signs, digital menus, collateral and more, a TSS marketing program will help you increase profits.

CleanTouch cleaning solutions offer the industry's only comprehensive chemical program with expert car wash solutions, delivery, service and maintenance provided by our national network of specially-trained technicians. Our industry-leading technology delivers complete success, with maximum vehicle cleaning and use in any brand of car wash equipment. All solutions are lab-tested for proper effectiveness, surface protection, drying efficiency and operative ways to enhance the longevity of your equipment.

ONLY CLEANTOUCH OFFERS:

- + Rapid response distribution and inventory
- + Hyper-Series super-concentrated formulations
- + Integrated, custom site-marketing programs
- + Eco-friendly formulas blended in-house
- + Clean-Fill Management System
- + Compatible with all competitive brands

SERVICE & PARTS

We offer the only national direct support network with over 400 factory-trained and locally based service technicians for fast response when you need it. Pick the coverage that's best for your business: premium maintenance, call-in service plans or anything in between. And when you need genuine, high-quality parts, we offer a vast inventory ready for speedy delivery from fully stocked vans, distribution centers and local warehouses all across North America—all to keep your downtime to a minimum.

THE BEST CAR WASH PROVIDER FOR YOUR C-STORE.

INDUSTRY'S MOST PROVEN FIVE-BRUSH MACHINE

Tens of millions of vehicles have emerged shiny and spotless from the legendary SoftGloss MAXX 5, making it the industry's most popular five-brush friction car wash. Offering unparalleled quality and durability, this proven performer will raise customer satisfaction levels—and profits—for years to come.

- + LED Lighting Package Option
- + Aircraft Aluminum Gantry Frame
- + Exclusive NCS FoamBrite Brushes
- + Electronic Vehicle Detection
- + Chemical Injection Panel
- + Virtual Treadle

THREE-BRUSH SYSTEM WITH TOUCHLESS OPTION

Ryko's SoftGloss MAXX 3 in-bay wash system offers touch and touchless options for your customers and higher profit potential for you. This three-brush, gantry-style workhorse is loaded with advanced features and controls, including high-pressure action, FoamBrite wash material, ingenious wheel scrub, LED lighting and customizable options. This compact profit-maker will have you cleaning up in no time.

- + Spacious Bay Allows Room for Larger Vehicles
- + Active Side-Brush Controllers
- + WashBuilder Customized Wash Packages
- + Low-Profile, Sturdy Track
- + On-Board, Contouring Dryer
- + Wash-Ready Frame

INCREASE REVENUE WITH SUPERIOR WASH QUALITY

Ryko, a touch-free industry innovator for nearly 30 years, designed the Radius to be easy to use and maintain. Different from the competitors' machines, the Radius uses advanced concepts and spray-pattern designs created to exceed wash-quality expectations, while delivering the superior quality and dependability you expect from NCS.

- + Halo Rinse High-Speed, Water-Saving Rinse Technology
- + IMAXX or High-Pressure Cleaning Technology
- + An Open, Clutter-Free Bay
- + Ultrasonic Vehicle Positioning
- + Smart Spray Arm
- + Stainless Steel Frame

MINI EXPRESS TUNNEL IT PAYS TO CONVERT

Triple your throughput and decrease wait time up to 7 minutes per vehicle by converting your in-bay automatic into a new profit center. The Mini Express Tunnel (MET) can boost your revenue with easy installation and minimal downtime.

INCLUDES THE FX EXPERIENCE III

Give customers the ultimate foam show

Defend vehicle's surface from the outside elements

Dissipates water immediately, leaving a clean, shiny surface

1. XR1000 CONVEYOR

- + Heavy duty 1/2" steel constructed top deck is tougher and lasts longer
- + Open design lets dirt and debris pass through to extend roller life
- + Revolutionary take-up design requires no greasing or maintenance

2. WHEEL RITE TIRE FOAMER

- + Chemical tire applicator has easy access for cleaning and maintaining, provides improved foaming and superior show
- + Heavy-duty cover

3. WHEEL BOSS

- + Patented cam-style brush cleans deep into the wheel and rims and eliminates the need for manual prep
- + Available with foam or bristle brush

4. Z-FRAME

- + Packs more cleaning power in less space
- + Low cleaning pressures ensure safe performance

5. 3 NOZZLE WHEEL BLASTERS

- + High-pressure turbo nozzles blast away grime in hard to reach wheel wells
- + Following-feature pivot action increases dwell time
- + Saves space

6. GLOSS BOSS TIRE SHINER

- + The best tire shiner in the industry with the longest life
- + Precise application uses the lowest amount of tire shine and reduces messy sling
- + Feather tipped brush never over-saturates

7. TECH 21 DRYING SYSTEM

- + Laser focused column of air maximizes flow pattern
- + Multiple nozzle offerings hit every inch of the vehicle surface
- + Stainless steel reinforced housings for greater safety and less noise

8. POWER LOCKS

- + Reduces energy consumption by up to 30%
- + Engages to delay or eliminate drying pick-up beds or soft tops
