

# Ultraflex<sup>®</sup> System

*Past Winner of the ICA's Brian Campbell  
Leadership in Innovation Award!*

The **Ultraflex<sup>®</sup> System** is an advanced system of delivery equipment and packaging that utilizes ultra-concentrated car wash products to give you extreme performance with unlimited flexibility.

Unlike conventional car wash solutions, this space-saving, **Earth Ready<sup>®</sup>** product line uses advanced technology to create chemical components that are combined on site with an **easy-to-use** dispensing system.

A single Ultraflex<sup>®</sup> reservoir will **wash up to 900 cars!** What are you waiting for? Upgrade your back room today!

## BENEFITS

- COMPATIBLE** with all conventional car wash equipment
- FLEXIBLE** control & customization for the best car wash experience
- COMPACT** takes up only  $\frac{1}{3}$  of the space of conventional car wash products
- ECONOMICAL** when setting the desired concentration level
- INNOVATIVE** advanced chemical formulations using nano-technology
- GREEN** sustainable packaging, earth-friendly ingredients
- HIGH PERFORMANCE** allows for very little chemical needed to get desired results

# WHY *Lustra*® ?

Lustra® premium formulas are technology driven and distributed throughout the world. Our line of industry-leading ultra concentrated products are designed to save you money by reducing chemical usage and delivery costs.

## ULTRA CONCENTRATED PRODUCTS

Industry leading concentration levels design to wash more cars with less product in our award winning Ultraflex® containers

## COST SAVINGS

Less chemical usage.  
Lower water consumption.  
Fewer deliveries.  
Putting money back into your pocket.

## ENVIRONMENTALLY CONSCIOUS

Our containers are 100% recyclable and our EarthReady® product line is NPE and phosphate-free with reclaim friendly products

## PROFITABLE BUILDING PRODUCTS

### C-FORCE CERAMIC

C-Force™ Ceramic offers an advanced seal and protection by use of a deeply penetrating foam. This advanced chemistry has been formulated to create a surface-shield that is soft to the touch, hydrophobic, intensely reflective, and durable to withstand nature's elements.

### PROSHIELD FEATURING APEXAMER

ProShield® is an ultra-concentrated super sealant formulated with Apeximer® Technology. It provides an "apex level of protection" as a result of combining polymers that create a cross-linking effect or "web-like application" of protection.

### LUSTRASHIELD

LustraShield® contains Advanced Brightening Polymers that bond to the vehicle, producing a smooth, high gloss surface with enhanced shine that will bring customers back to your top package again and again.
